Subject: Confidential - Request for emails
Importance: High

Hello Robert
I need to please ask your help with a priority search that is needed for the Office of Transparency for a Public Records request. The search parameters are in highlight below. The requestor has discussed taking legal action, so we need this to be completed as soon as possible. If you don't feel this can be completed in the next day or two, please provide a date that they can be provided. Feel free to contact me with any questions at all. Thank you for your assistance.

Subject: Request for emails

Hello Dr Perlman
This is to inform you that the requestor, Kevin Barlow continues to challenge our response that we have no records responsive to his request. In an effort to put this matter to rest, we would

like to ask your permission if you will agree to allow HCIS to search for responsive records on the server?
Feel free to reach out with any questions. Thank you for your patience with the multiple correspondences regarding this.

Subject: Re: Request for emails

I just reviewed all of my received emails during that time. I have none on my computer from the indicated individuals..
